Message

I am writing to urge you to do whatever you can make sure the Atlantic Coast Pipeline's permits are rejected & the pipeline is never built. The ACP carries a high risk of environmental harm to our most vulnerable - low-income & African American - communities. All people of North Carolina deserve clean air and water. Protect us from the ACP as well as any other proposed pipeline. Instead, clean energy can move us forward with none of the downsides. Thank you for taking whatever action you can.
